"What Happened to Jones?" Played by Local Talent of Claresholm

The Footlights Dramatic Society which was instituted in Claresholm some years ago never gave a more successful performance than the one presented on Tuesday evening last. When the three act farce "What Happened to Jones" was staged. The choice of plays for amateurs is always difficult, but on the present occasion no fault could be found with the selection which provided much amusement and gave a chance to every character. The scenery had been specially repainted and the staging was good, a pretty staircase being introduced. The play pictures the complications which arise owing to the presence at the stage of Ebenezer Goodly, Richard Hestherly and Jones and the pursuit of these person to Goodly's house when Jones to shield himself from the law hides in the clothes and assumes the character of a Bishop instead of his usual occupation of a drummer, and incidentally causing much trouble to all concerned, eventually drive him out through the exercise of his wit. The part of Jones was taken by J. R. Watt who managed to sustain the part through the three acts with an excellent Bishop of Ballarat, who the character of Ebenezer Goodly, Gerald McClean never gave a better performance, in fact he should say as a comedy actor, man Mr. McClean is seen at his best. His make-up was excellent and he made every use of the chance for comedy and business. L. O. Shortstreet made an excellent Bishop of Ballarat, his actions and limb play being especially good. As Richard Hestherly, juvenile lead, W. R. Shanks carried through the part with much credit to himself. W. J. Stannell, who is a typical policeman in the character of Holder and could not have been improved upon, while Fred Connard made a very wild Indian who thought he was an Indian, in fact so wild was he that he lost additional credit to the part by smacking some of the footlights.

Too much praise can be accorded Mrs. F. Langmuir for her portrayal of the character of Mrs. Goodly, she was indeed excellent. She carried her part with little exception whether appearing in a dignified or a comical role. As Ebenezer Goodly, Mrs. G. McClean made an excellent Mrs. G. G. and knowing the part to the letter. Jones was played by W. J. Stannell. As Marjorie Mrs. Shanks gave a good impersonation of the quiet daughter of Ebenezer who is very fond of her father. Jones was the false Bishop playing his own (supposed) poetry to him. It is always hard to get a young lady to take the part of an elderly dame and not infrequently happens that the lack of this part cannot be staged by amateurs, and great credit must be given to Miss Helen A. Gifford for the part she took as Alicia, the elderly and rather plain sister of Mrs. Goodly. In her loving making lines with Jones she took the house by storm. Lastly as Helena the Swedish actress, Miss Helen A. Gifford, a distinct hit, her appearance on the stage being at once greeted with laughter, even her final utterance "He gave me ten dollars" was extremely amusing and gave quite a variety to the programme. Many people are asking why D. C. Sherrill had only a walking part as the Superintendent of the Sanatorium in the last act. The answer is that the actor was ill, cost too high, and he was not in the mood to make-up, entirely changed his features to successfully represent

"The Issue is Reached"

(Chicago Tribune)
The issue is reached. Friction between fifteenth century Mexico and twentieth century America has brought the inevitable result. War is upon us.
Now confronts the first nation of the world the problem of repelling the boundaries of civilization.
Let us hear little talk of "repugnance" of occupying custom houses, of aiding "the Constitutionalist."
The men in arms in Mexico are bad, and so are all.
Villa, the murderer of Benton, is no better than Huerta, the murderer of President Francisco I. Madero, the man who laughed at Gustav Madero was tortured to death.
The everlasting issue of civilization over savagery is now joined.
Civilization must proceed with vigor. Overwhelming attack will have valuable results and inevitable loss.
Temporizing will delay and render more difficult the unavoidable conflict.
It will increase the danger of future internecine wars.
War has come. Push it to conclusion as rapidly as possible.
Military men must take charge.
The American general staff is admitted to be the most competent military organization in the world. It can handle Mexico as Gorthals handled Panama. If congress will do as it did in Panama and let experts direct the business they best understand.
An army should be raised, as large as we can find competent officers to command. The larger the invading army the less boys will be killed in the Mexican slaughter.
Mexico must be crossed from east to west, from side to side.
The bandit leaders must all be reduced and the Mexican people freed to seek civilization and progress in the extended borders of the United States.

Cadet Corps Entertainment

The Public High School Cadet Corps have secured Thos. Elmore Lacey, one of the cleverest, and most popular artists in the city, to give an evening's entertainment in the auditorium of the Public School on Wednesday, May 6th. Mr. Lacey is a Singer, Impassioned, Crayon Artist and an Eloquentist, although his work is of a high order, it is interspersed with a charming flow of wit and humor, fun which simply take his audience by storm.
The object of the entertainment is to provide for the Cadet Corps, and prizes for an exhibition held to be given by the Cadets at the Agricultural Fair. The prices of admission to the entertainment will be five cents, and 25 cents. Do not miss this opportunity of enjoying a clean, high class, literary performance.

Several Dickens' characters ranging from William Micawber to that prince of comic characters, Mr. Scrooge. As the miseries his make-up was really wonderful. In a moment he changed himself from a handsome blond of 20 to an old miser, and it seemed, so clever was the make-up that his upper lip was doubled in size. Mr. Sherrill played a more highly studied of these impersonations. He made his next his recent in the hourly appreciation of an audience. His performance was distinctly artistic and unimpaired. Lovers of Dickens would be particularly pleased with Mr. Sherrill's character sketches, but even where there were probably many who were unacquainted with the immortal creations of the pen of Charles Dickens, he was tremendously encouraged on his second appearance when he gave an encore the recitation "Devil May Care" so often recited by the old country schoolmaster. The performance, which lasted two hours and a half went with a good swing throughout and there were no delays.

The baseball grounds at the Park has been ploughed, harrowed and rolled thanks to E. T. Tison and his sons. The grounds are now ready for the baseball, get together boys and give Claresholm some home ball advertising. Don't put it off and let the other towns get the jump on us.
On Saturday Fraser and Law's team ran away. The driver narrowly escaped being certain hurt. The team ran into the windmill, the wagon catching the wind mill and pulling it down with out break and the team got a surprise. The score was only 2 to 0 and would have been much greater only for the good work of Whall in goal.
C. J. Whall, the Moving Picture man, has been in town for the week end. It might be well to mention that Mr. Whall came to Claresholm unharmed and in his quiet, courteous and efficient way, went about and made a success of an enterprise that others had failed on. This success was made, too, contrary to the prophecies of some of our citizens who, at times, forget to leave Mr. Whall the kind of a man that we should try to hold up to when we have the chance. In his stay of a little over four months through he has gained many friends who will regret his departure.

THIRTY OFFICERS AND MEMBERS MARCH IN LINE SERVICES HELD IN ST. JOHN'S CHURCH, REV. HENDERSON PREACHES.
Sunday evening last was marked by the members of Football Lodge and Venus Rebekah Lodge attending Divine Service in a body at the church of England. The procession formed at the lodge room on Railway street where they listened to a very instructive address by the Rev. H. H. M. Henderson. There was a good attendance of officers and members with the members and those who turned out the church was filled to capacity. Miss Colp the new organist furnished excellent music with Mr. M. Larkin who kindly gave his services all of which was highly appreciated. The singing being very beautiful and of the highest order.
The order of Oddfellows was founded 95 years ago by its members and to-day their are 2,500,000 in the Americas with over 18,000 lodges and 10,000 Rebekah or sister lodges. In every power and state on the globe.
American continent will be found a Grand Lodge. There are 58 Grand Encampments, The Sovereign Grand Lodge, who manages the Wilmot and Calgary Stampede, as Amos Director and general adviser.
It will be recognized that Mr. Day's services could not be omitted unless he was satisfied that the Glenelg Stampede is to be one equal to the best he has managed. The biggest and best bunch of Bucking Horses, owned by Mr. Day, will be exhibited at the Stampede. These horses have been collected from all parts of the Continent, and are known all over the United States and Canada as the best collection in the world. He has received several very high offers for these horses lately but has refused them all.
In the Glenelg Stampede there are thousands of wild horses that have been had a reputation and on the big Blackfoot Indian Reservation. Arrangements have been made to be made up and driven in to the Glenelg Stampede.
While the programme will include all the usual events of a Stampede, perhaps the most novel feature will be the Round-up Wagon Race. Other features include Bucking Contests, Wild Horses, Mule and Steer Racing, Cowboys have been sent for Special Teams to leave Calgary each morning and return in the evening at reduced fares, while reduced fares will be obtained from all other points.
Every effort is being made to provide ample accommodations for the big crowds that will be here, by the Hotels, and the Cowboys are arranging for a number of tents. It is suggested that the city folks bring along their tents and camping outfit and camp near the arena with the Cowboys and for once enjoy in full the hot sun.

The Gleichen Stampede June 11th and 12th

Gleichen, the centre of the largest Ranching and Mixed Farming District in Canada, has determined to have a real Wild West Stampede on Thursday and Friday, June 11th and 12th, and will accept a sum of \$500.00 in prizes. That the Stampede is to be big and good is best shown by the fact that the Committee in charge have secured the services of Mr. A. P. Day, who managed the Wilmot and Calgary Stampede, as Amos Director and general adviser.

The Band

On Saturday the town band received a temporary band stand on Railway street and had a brilliantly lit with electric light. That evening the band turned out and gave the town people a rare treat in music which the monotony out of the whole evening. It is hoped the band kept up the work and comes out often.

PAPER MONEY.

It Was First Issued by Count de Tenda.

The Count de Tenda, while being

in the House in the fortress of

Genoa, was destitute of gold and

silver wherewith to pay his soldiers, who

demanded to be paid. He had no

means of purchasing the necessities

of life from the people of the town.

"In this dilemma," says the historian,

"what does this most sagacious com-

mander? He takes a number of little

pieces of paper on which he inscribes

various sums, large and small, and

signs them with his own hand and

name. These did he give to the sol-

diers in payment of their pay. 'How,

they will say, are soldiers to be paid

with scraps of paper? Even so, and

we said, too, as will presently make

manifest, for the good count issued a

proclamation ordering the inhabitants

to take these pieces of paper for the

full amount inscribed, promising to re-

deem them at a future time with gold

and silver. Thus by subtle and most

ingenious device did this cavalier

turn worthless paper into precious gold

and make his life imperishable.

"The historian adds, 'The Count de

Tenda received his promise for a

very long time, and the success of it

is attested in the eyes of the worthy

Count de Tenda, who has left no record

of paper money.'
